

## January 24, 2012 NSX Club Minutes

The meeting was opened by Nalesh at 7:05 pm which was held at the Todo Un Poco on Laguna Main St. in Elk Grove. Those in attendance were:

Nalesh Chandra; Al Terpak; Ed Wamser; Jeff Medeiros; Jeff Fong; Jon Nastro; Mike Chun; Tom Pon; Shad Huntley; Aaron Sakahara

The primary topic of concern for this meeting was to elect new club officers for the 2012 year. The list of candidates was as follows:

President	- Ed Wamser
Vice President	- Nalesh Chandra
Secretary	- Al Terpak
Event Coordinator	- Jeff Medeiros

It was also brought up that William Frey no longer wish to hold the post of club treasurer and no one else wanted that position. Al Terpak offered to do that job temporarily until someone else volunteered for the position.

Nalesh made a motion to accept the new names for the offices listed. It was seconded by Jeff Fong and then voted on by all in attendance. The nomination and election for the new candidates was accepted unanimously.

Al brought up the possibility of holding the next meeting at the Rivers Edge Cafe & Espresso located off Highway 50 and Watt Ave. at 8740 La Riviera Drive, Sacramento, CA 95826. Phone is (916) 362-2221. A complete menu is available with some great dinner entrees and they must have one of the best California Club sandwiches in the area. They also serve beer and wine and have a great coffee and espresso setup. Nice friendly service and great food portions and reasonable prices. Happy hour is available every day from 5:00 - 6:00 pm. Parking in a very large lot with easy access in but a little dicey getting out. The cars can easily be seen from inside the restaurant through the large windows. I'll update the club on the exit from the parking lot before the next meeting date. Easy and quick access to and from Highway 50 and Watt Avenue.

So our next meeting will be held at the Rivers Edge Cafe on February 28, 2012 at 7:00 pm.

Ed brought up that he would like to have a few more shooting events for the members. You don't have to own a gun since there will be plenty to share from those who do own guns. Ed will coordinate this with Jeff when the weather gets warmer later this year.

Some news on the baby front. It looks like Jeff Medeiros is looking to have a new baby in the family soon. Expected due date is July 5th. Maybe it will arrive on the 4<sup>th</sup> and

then the birthday parties could be celebrated with some fireworks every year. Nalesh is also expecting a new arrival around June 20th. Good luck to the prospective parents.

It was also discussed that we should be getting ourselves back into what our NSX's were really designed to do. And one of the best places to do that safely is on a race track. This time our emphasis is not going to be on racing but going out there to have fun, learn to drive the car more safely and skillfully, and just enjoying it to the fullest. We will be looking at becoming more affiliated with track schools like Hooked on Driving and possibly NCRC. We will also be looking at working with the administration at Thunderhill to use their drifting school tarmac area to help teach the fine art of car control on a skid course both in the dry and wet at lower speeds than on the track. We want to get more people out there to learn how to get the most out of their car but in ways that don't intimidate or possibly damage the car. More on this as things develop.

We're still looking for greater participation from all our members to come up with new social events and volunteer to help run them. So show up and be a greater part of enjoying our great car in all types of activities.

From that point on Nalesh adjourned the meeting at 7:40 pm. and we all got along socializing at dinner and later in the parking lot seeing some of the great second and third cars some of our members have.
