

Notes from the March 2011 club meeting.

Attendees: we had a handful of attendees; the usual suspects.

Conversation: we talked about lots of things ranging from Japan to car design

Official business:

-Shooting range trip. Details still being worked out. Date may change, and we will update you with the latest as soon as we have more information.

-NSXPO 2012: The Bay Area Chapter officers are putting in a bid for NSXPO 2012 for Norcal. I attended the planning meeting over the weekend and pledged support from the Sacramento Chapter. Lots of logistics are in the works already. We will be looking for Sacramento Chapter members to assist with the events for NSXPO, so if you are interested in helping at the actual event please let me know. The bid will be sent to the National Board by the due date and if it's approved, I'll send the details to our group.

-We ended the evening with shop talk and hanging out at a local member's house in Elk Grove. Good times.

Next month's meeting will be Tuesday, April 26th, 7pm, at Lam's Mandarin on the corner of Watt and Arden.
