The Social Committee has promised fun new things for the club to do in coming months. The primary goal is for all to have as much fun as possible. If anyone in the club has any ideas, please contact the guys, they would love the input!

The W.E.B. site is going to be resurrected and re furbished anew, which will serve as the center for communication for the club information, regarding the calendar and other events. The YAHOO e-mail will be used for other contact as necessary, the list is being updated, and contact information verified.

Discussion's continued with sponsors involvement, event possibilities, spouse's involvement and events.

James Ubarro our Nor Cal rep. from NSX regional was on hand to pass along information for the up coming year.

The Drive issue is on its way to press at this time and that there are back issues available for purchase, on line. They have issues from years past, which should be of interest to many.

Discussions of creating additional value to being a membership was discussed , such as putting the Drive magazine on the web to attract people to our organization and to NSX.

Getting bundles of Drive Magazine, to regions for clubs to distribute, to friends of the club or NSX owners that are not members, in order for them to see why they would like to join the fun!

ALMS

The ALMS will not be supported by Honda this year, due to the economy, but the Bay Area club and the Sacramento club may work to put something together to continue the fun weekend as in the past.

NSXPO 2009 is in Toronto, Canada

A Photo shoot is being planned for later in the year on the famous Lombard Street, most likely in May. This will be done with local law enforcement involvement for traffic control, as well as local community people involved. This is the street that zigs and zags down a steep hill. Sounds like fun and a great way to show off our NSX's.

We would like to Thank James for all the great information and updates!
